

**OK for  
Knee Action**

**PLENTY  
HIGH  
and PLENTY LOW**

**T**HERE'S a full line of Blackhawk Hydraulic Hand Jacks, too. Every garage needs several, for floor use and a wide variety of shop jobs. Ask your Jobber Salesman. Send coupon for literature.

**"B**UILT to order" for Knee-Action service, this high-low Hydraulic meets the requirements of 1934 cars. It handles them *all*.

When Knee-Action comes to rear wheels, too, this jack should be absolutely indispensable.

Here's 24 inches of height for brake and under-chassis jobs — raises wheels a full 7 inches off the floor. Here's 4 inches of lowness to roll under frame member or rear axle when tires are flat.

On floor or wash rack — for greasing and all-around servicing — the great range and "Lightning Lift" operation of this Blackhawk Hydraulic S-4 save time and build profits.

*Put some "Elbow Action" on  
this "Knee-Action" Coupon!*

**BLACKHAWK  
HYDRAULIC JACKS**

APRIL 1934

BLACKHAWK MFG. CO., Dept. M-4, Milwaukee, Wis.
